Bill 168 received Royal Assent on December 15, 2009. The amendments to the Occupational Health and Safety Act, came into force on June 15th, 2010.

Workplaces in Ontario where more than 5 workers are regularly employed are required to develop written policies addressing both of these issues and to review those policies at least once a year.

Employers are required to conduct training on these policies to meet their due diligence.
